

Daffodil O Daffodil

Spring may be but a distant memory, but hopefully you remember enjoying its first days marked by thousands of daffodils in bloom across town. Over the course of the last three years TAVI has planted over 10,000 daffodils – Would you like to welcome some to your yard? Now is the time to start thinking about where these beautiful flowers can say “Welcome Spring” around your home.

TAVI will provide topsize bulbs to you at cost – just 45 cents per bulb -- and will even plant them for you for free! You point, we dig. It’s that simple. All we ask is that the bulbs be visible from the street nearest your home so that passers-by can also enjoy seeing the flowers.

*Daffodils require virtually no care and come back every year (so long as you don’t whack them down prematurely). Planting time is in late October for spring blooms. **Sign up below to***
